Lion's Heart Men's
Conference

Dear Friends,

The holidays are always such a great time for celebrating and reflecting! For us as a family and as a ministry, it has been quite a season of transition and for launching into new things. We are incredibly grateful for all that has been accomplished and for what God has prepared for us as we come into the new year.

A Word From Ravi

As we come into 2020, we have begun to plan and anticipate a bigger and greater fulfillment of what has been promised to us. I heard the Lord call 2020 the year of contentment, a year where we learn to see things clearly, as we put order to our affairs. He explained to me that all of these things are the outcome of being able to make good decisions. This is necessary so that we can be prepared for 2021, for both the extreme good and bad things that are to come. I believe that in learning to make good decisions in 2020, we will create a sturdy foundation for 2021 that enables the year to be a year of opportunity rather than a year of hardship.

Testimony

"I was able to meet Jamel last night and I'm so thankful. I was able to speak to his foster mom for quite a while and learn just how difficult his journey has been. Nobody would take him until Judy said yes. He had several suicide attempts etc. and was very difficult. She is amazing and heard the Lord and said yes! He absolutely loved his shoes and was so very grateful. He hugged me and hugged me. I cannot even tell you what a joy that was!

Just before leaving last night, Judy said to me that there was a major shift 2 weeks ago in Jamel. She said she couldn't explain it, but a peace came over him. I was so encouraged and realized how powerful these declarations truly are! I am so encouraged to continue to pray! I will be keeping in touch with Judy and hope to see them again soon. I don't consider myself a true intercessor in the sense that most operate. But what I can tell you is I LOVE THIS BOY!!" Laura, Atlanta

Project Restoration Foster Care Prayer Initiative

This initiative's objective is to bring transformation in the family mountain.

We ran Project Restoration as a pilot program (in Atlanta, GA and Franklin, TN). This has proven to be an effective initiative to raise up intercessors to pray for partnered foster care children and their families, both foster and biological. Along with their prayers, intercessors also purchased a pair of shoes for their sponsored child and blessed them with notes of encouragement and love.

During this initiative, Ravi provided training based on RT4 (Radical Transformation 4) principles in order to teach intercessors how to pray for the healing of emotions, behaviors and memories, as well as how to release spiritual authority in these key areas. The goal of this training was to empower the intercessors to pray for the elimination of trauma from the lives of these precious children and their families.

Venue Host: Ben Zorbrist, former player of the Chicago Cubs

This Easter we will be launching Project Restoration on a larger scale. Please pray God would provide us all the resources needed to be able to bring impact and freedom to many more!

Mark & Linda Rahn

MN, HOH Directors

Linda and Mark loved being a part of, and serving, the local church for over 20 years. Linda recently retired after 10 years of pastoring and launched the HOH with Mark. They are passionate about seeing God's people using their gifts to advance the Kingdom of God and are now stepping into the destiny God has marked out for them.

Keith & Jessica Roy

CO, HOH Directors

For twelve years, Keith and Jessica Roy have set a palatial table for clients of a retreat center nestled high in the Colorado Rockies. Recognizing the impact of hospitality to create space for people to encounter God, they are passionate about partnering with the Holy Spirit to facilitate encounters with Him. Keith and Jessica host retreats, conferences and will be the founders of RT4 House of Healing in Colorado Springs.

Radical Transformation 4 House of Healing

We had the privilege of launching our first House of Healing in Minnesota this past September. These centers give a physical location for people to encounter the Lord, empowering them in their spiritual authority (based on the RT4 healing model)

and an experience of greater growth in the healing of their emotions,

memories, and behaviors. Since the launch, the Minnesota HOH has been able to provide local training programs, celebration gatherings and engage intercessors to pray regularly for prayer requests. We have seen God do great and impossible things!

Initiatives for 2020

There will be a number of new Houses of Healing (HOH) that will be opening in 2020, and more announcements are to come. On that note, we are excited to announce that our first HOH in 2020 will be opening in the first quarter in Colorado Springs, Colorado.

During this year, the Lord has challenged and invited us to grow and expand the reach of Radical Transformation 4 (RT4) healing to new areas. We ask for your prayer covering as we aim to accomplish all that the Lord has for us so that we can help people find healing and move forward confidently and effectively in their spiritual authority.

A Message from the Kandal's

Ravi and I want you to know how thankful we are for each of you. We have been so encouraged by your support throughout this season of transition. Whether it was through prayer or finances, the support was deeply felt. As you can imagine, these changes have been hard for the hearts of our little ones, but there has been a tremendous amount of peace knowing that each of our children has been covered in prayer throughout the process. Please continue to pray with us that the Lord would lead our children as they find their new normal in new schools, friendships, and work/home dynamics. We have been living in temporary housing since July, but the time has come for us to set down roots in a permanent home. Please continue to partner with us in prayer as we search for the perfect home for our family and for the finances needed to make that happen. We are confident that the Lord will meet us in this need.

As we are transitioning into our new life here in Georgia, our older children back home in India are doing well. We shared with you this

summer that we celebrated two beautiful weddings. Our daughter, Shobha, married Shridhar and our son, Solomon, married our new daughter in law Schweta. They are doing well and both seem to be enjoying the first year of marriage.

Praveen, Vinay, Anbu and Shravanthi are still living in the same apartment and each have full time jobs. We would so appreciate your prayers for each of them as they continue to seek Jesus for His leading in their lives. We will continue to share updates with you about their lives as things unfold.

We look forward to sharing many more testimonies of breakthrough as both the ministry and our family step into this time of growth and change!

Much love,

The Kandal Tribe
